## ASAP Squatter Removal received a new message.

**Email**[mrvanfredricks@gmail.com](mailto:mrvanfredricks@gmail.com)**Name:**

Van Phillip Fredricks

**Phone:**

5107122014

**Email:**[mrvanfredricks@gmail.com](mailto:mrvanfredricks@gmail.com)**Military, police & martial arts:**

I am an extremely fit 54 yr old exmilitary man with 35yrs experience in: Squatter Removal, Private Security, Public Security, Celebrity Bodyguard work, Private Bodyguard work, Corporate Security, Corporate Bodyguard work, Club Bouncer, Bar Bouncer and Ive even bodyguarded the Police during the Oakland Riots. I've been running my own private security company for the last 25 years. However, this fall has been extremely slow.

**Surveillance & undercover:**

I'm really good at surveillance, however, it is virtually impossible to have me to be undercover. My size and my look stand out too much.

**Leadership & management:**

I've personally been leading groups as large as 50 at a time and I've managed groups in excess of 350 as avcorporate supervisor for Universal Security and for every type of secured event you can imagine from ballrooms to municipal events and everything in between.

**Address:**

261 FAIRMOUNT AVE

**Desired pay:**

\$40hr

**Citizen status:**

Born in the USA

**Weapons, gear & equipment:**

I have all equipment - guns, shotgun, baton, bulletproof vests, boots BDUs, however my licensing has expired. I just finished three years of intense chemotherapy, in which I was not able to renew any of my licensing. I do desire to renew all of my licensing in the upcoming year.

**Breaching & clearing:**

I've had several corporate clients who have all owned residential properties, either apartments or housing units. And I provided squadroval service for the last ten years. Those clients no longer require my services because all of the squatters were removed and all of the dwellings were properly leased out.

**Licenses, permits & certificates:**

I currently carry no licensing. My plan is to renew all of my licensing in the year 2026.

**Device**

mobile

**Language**

en-US
